

Welcome to Houston, Texas

NASA Johnson Space Center

Brief Introduction: About Space Center Houston

The Manned Space Flight Education Foundation is a nonprofit educational foundation offering extensive science education programs and a space museum. The cornerstone of its education mission is Space Center Houston, a leading science and space exploration learning center. It is one of Houston's top attractions, the area's No. 1 attraction for international visitors, the Official Visitor Center of NASA Johnson Space Center and a Smithsonian Affiliate.

The center features more than 400 space artifacts, permanent and traveling exhibits, [exhibits and experiences](#) and theaters related to the exciting future and remarkable past of America's human space-flight program – all for one [admission price](#). The experience is designed to engage adults and children alike.

- There is always something new at Space Center Houston with an amazing array of traveling exhibits and astounding events.
- Space Center Houston has the world's largest collection of moon rocks and lunar samples for public view.
- Known around the world as the home of NASA Mission Control, International Space Station Mission Control and astronaut training, guests are taken behind the scenes to see NASA Johnson Space Center.
